

ENVIRONMENTAL POLICY STATEMENT

JCDecaux recognises that in our day-to-day operations we impact on the environment. Our activities include the provision and maintenance of advertising sites and displays and their associated business administration.

JCDecaux top management endorses this policy and ensures it is compatible with the context and strategic direction of the Company. Top management are accountable for the effectiveness of the environmental management system (EMS) and are responsible for ensuring that it is communicated, understood, implemented and maintained at all levels within the Company and ultimately, that it achieves its intended outcomes.

JCDecaux top management promotes and is committed to continual improvement of the EMS to enhance environmental performance. This is facilitated through the setting of documented environmental objectives based on our significant environmental aspects and compliance obligations. Action plans have been set to achieve objectives and are maintained as part of the EMS internal auditing, monitoring and management review processes. The results of which are communicated to interested parties, where appropriate.

JCDecaux top management is committed to ensuring that the Company:

- Protects the natural environment from harm and degradation.
- Prevents pollution and meets other specific relevant commitments including sustainable resource use.
- Complies with all compliance obligations, where these relate to our environmental aspects.
- Directors, management and supervisory staff have responsibilities for the implementation of the policy and ensure that environmental issues are given adequate consideration in the planning and day-to-day operations of all activities.
- Provides employees and others with the resources needed for the EMS, including support, direction and encouragement to fulfil the requirements, commensurate with their role.
- Strives to integrate the EMS into all business processes.
- Minimises waste to landfill by segregating and recycling waste where economically and operationally feasible.
- Co-ordinates business transport so as to reduce fuel consumption.
- Uses energy, water, materials and other natural resources as efficiently as possible.
- Ensures that the environment is considered in the procurement of products and services.
- Gives appropriate consideration for the environment in the products and services we provide to internal and external parties.
- Works with landlords, partners, clients or suppliers to encourage commitment and improvement in our local environment.
- Supports other relevant management roles to demonstrate leadership as it applies to their areas of responsibility.
- Maintains our certification to the environment management standard BS EN ISO 14001: 2004 as defined within the scope of our EMS, while we transition to BS EN ISO 14001: 2015.

This policy will be communicated to all employees and organisations working for or on our behalf. This policy will be reviewed annually by top management and where deemed necessary will be amended and re-issued. This policy statement is available to interested parties, upon reasonable request.
